Allowable Subject Matter

Claims 27, 29 and 31-38 are allowed.

The following is an examiner's statement of reasons for allowance:

Instant claims recite a method of replenishing electrolyte levels lowered by a passive transpiration from heat stress comprising orally administering a composition comprising sodium, magnesium, manganese, zinc, potassium, rutin, beta-carotene, tocopherol, biotin and calcium, in specific amount and with the proviso that the composition does not contain a carbohydrate source. The prior art of record teaches electrolyte replenishing composition comprising the electrolyte salts, tocopherol and beta-carotene, calcium etc. However, the combination of the electrolytes with rutin and biotin, and further, in the absence of carbohydrate source is not suggested by prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lakshmi S. Channavajjala whose telephone number is 571-272-0591. The examiner can normally be reached on 9.00 AM -6.30 PM
